

Erie County Long Range Transportation Plan 2050

Have you ever wondered how decisions are made to construct improvements at one location rather than another? It all starts with the Long Range Transportation Plan.

Help us identify transportation needs that would improve your quality of life, improve the region's economy by making business more competitive, or make the transportation system safer for all modes of travel by participating in a short survey and online mapping exercise!

The survey and mapping tool can be accessed at:
<https://www.surveymonkey.com/r/ErieLRTP>

The Erie Metropolitan Planning Organization (MPO) and Erie County Department of Planning and Community Development thank you for your time.

If you are having trouble accessing this survey, or would like more information about this project, contact the Erie MPO team at pcdinfo@eriecountypa.gov or 150 East Front Street, Suite 300, Erie PA 16507
