Michael Sanford, of Sanford Surveying and Engineering was present on behalf of the Copperleaf Subdivision Plan, Parcel ID No. 40-001-007.0-001.05, Mun (Mixed Use-Neighborhood) Sanford explained that the owners are proposing to subdivide Parcel ID No. 40-001-007.0-001.05 into 2 separate parcels. The plan shows "Parcel B-1" will be conveyed into a 19.52 acres parcel and the residual parcel (Parcel B) will be reduced to 23.84 acres in size. On August 24, 2021, a variance was granted by the Summit Township Zoning Hearing Board allowing 3.3 acres of required net acreage for the Copperleaf project to be located on the adjoining parcel. Parcel B-1 shall be considered part of Parcel B for the future conveyances in perpetuity and shall not be sold or conveyed independently of each other. McElderry asked if the property should change hands, what documents are going to be recorded to reflect the notes on the Subdivision plan regarding that the property must be sold together not independently. Sanford explained that the notes are on the Subdivision Plan which will get recorded and the deed will indicate the that the two parcels must be sold to one owner in the future and will be recorded at the Recorded of Deeds.

COPPERLEAF SUBDIVISION PLAN

Motion by Lynch, seconded by Colvin to approve the Copperleaf Subdivision Plan, Parcel ID No. 40-001-007.0-001.05, MUN (Mixed Use – Neighborhood) as presented.
