MAR EXPENSES

Solicitor Kennedy introduced herself and stated there was nothing to report at this time.

SOLICITOR

Engineer Jonas reported that a speed study was recently conducted on New Road; however, the battery on the counter died and no data was available Friday-Monday. The data that was collected reports 85th percentile speed was 52 mph. The counter was charged, and new data will be available soon. Also, don't forget that the Edinboro Road bridge over I-90 is closed at least through October.

ENGINEER

Supervisor Welka stated that the speed trailer will be placed on Pagan Road. The Edinboro Road detours are on state roads. Street sweeping, sidewalk and curb island clean-up continues. The crew did an amazing job this past weekend with traffic signals and trees due to the inclement weather.

SUPERVISORS

Supervisor Lee thanked everyone for coming out and is looking forward to warmer weather. Supervisor Davis commented that little league practices have started. All of the doors at Picnicana have been painted and the big merry-go-round is out getting done now. Work continues on the new 1-ton.

Jim Chojnacki inquired if Pagan Road was open in its' entirety during the bridge replacement on Edinboro Rd? Supervisor Welka commented Yes, it is. With no further business to come before the Board, motion by Lee, second by Welka, to adjourn the meeting at 6:06 p.m.
